

MARINA MONTALBANO

Product Designer in Career Transition

Longjumeau (91160), France | +33 7 50 62 53 97 | emploi.marina.91@gmail.com | <https://marina-montalbano.fr/>

PROFILE

From executive assistance to public transport, I have consistently worked in people-focused roles where understanding and anticipating user needs were essential.

Now transitioning into Product Design, I aim to bring this hands-on experience into creating practical, user-centred digital experiences.

My goal is to obtain the RNCP Product Designer qualification (Level 6) through a recognized training program.

PROFESSIONAL EXPERIENCE

Administrative Assistant — ONERA — The French Aerospace Research Centre 2024 – 2026

- Administrative coordination within a leading national public research organisation.
- Liaison between management, research teams and institutional partners.
- Coordination of complex administrative processes, meeting organisation and strategic information handling.

Bus Driver — Transdev / Keolis — Île-de-France 2018 – 2024

- Passenger transport across Île-de-France, daily management of unexpected situations.
- Real-time user relations: active listening, conflict management and stress handling.
- Strict application of safety protocols and operational procedures.
- First-hand field experience that directly informs my understanding of user needs in public services.

Executive Assistant (permanent, fixed-term & freelance contracts) — Thalès, Vivarte, Apogea, Groupe Urgo 2010 – 2016

- Complex diary management, travel coordination and strategic meeting organisation for senior executives.
- Operational liaison between general management, internal teams and external partners.
- Drafting of minutes, budget tracking and internal communications management.
- Strong ability to adapt rapidly to varied environments, industries and corporate cultures.
